

Candidate: Tran Nguyen Ha Trang, Sustainable Agriculture Expert

Nominating SRP member: Loc Troi Group Joint Stock Company

Constituency: At-Large (Supply Chain Actor)

Mrs Trang takes role as SRP project expert of the Loc Troi Group (LTG) since January 2016. She registered, wrote and organized the implementation of the SRP project with nearly 5000 farmers in LTG's production association from 2016 to present around the Mekong River Delta. She obtained the SRP Authorized Trainer Certification and SRP Assurance Scheme Certification in November 2019. Currently, she is the IMS leader of LTG's SRP100 model that achieved 100 score over 3 years from 2020 to 2022. She is also in charge of connecting and monitoring for other sustainable agricultural projects of LTG such as low carbon rice production project and carbon credit commercialization project. She currently joins the SRP Working Group of Viet Nam as well. She is passionate and dedicated to good agricultural practices and desires to train and support farmers to adopt sustainable agricultural farming methods.
